

PGY-1 Pharmacy Residency Program: Bend, Oregon

Match Number:
224713

PROGRAM OVERVIEW

St. Charles Health System is pleased to offer a pharmacy residency program and welcomes applications from self-directed learners who are interested in developing competent clinical generalist skills. Participants in our program will become a part of our interdisciplinary health care team and will contribute to our model of patient-centered, evidence-based care.

Upon completion of the program, residents will have a solid foundation in clinical pharmacy practice including patient care and practice management. Additionally, successful residents will develop strong leadership skills and the ability to excel in a variety of clinical practice areas. We are seeking motivated residents who are personally invested in gaining the skills, knowledge and values consistent with progressive, high quality clinical pharmacy practice.
