Location: Pacific University Health Professions Campus, Hillsboro

Attendance (in-person and by phone):

Doug Meyer

Fawzy Elbarbry

Gerry Migaki

Ian Doyle

Kristy Butler

Michael Millard

Michelle Murray

Yvette Holman

Zach McCall

The committee received three applications for the Fellowship of the Oregon Society of Health-System Pharmacists (FOSHP). After careful review and extensive discussion of the applications, the committee has the following recommendations:

1. The committee doesn't recommend any FOSHP candidate for the award this year.
2. The committee recommends changes to the current policy in order to clarify the selection criteria going forward. Several committee members offered their assistance for a work group.
3. The committee is concerned by the potential for bias to have been introduced from soliciting applications instead of receiving them by normal call for nomination. The committee is unclear how of the processes and conversations occurred with the candidates. Based on available data to them, the board has the committee's support to rethink the committee's above recommendation.
